

Dear Students and Colleagues,

**Fighting COVID-19
Campus access control**

The University has been closely monitoring the pandemic situation. In response to the recent upsurge, we have decided to tighten campus access restriction with immediate effect.

University students and staff who are currently living with person(s) required by the Government to undergo compulsory quarantine should inform their department and must not come back to campus.

The online health declaration will be updated to align with the above arrangement. Effective 05:00, 14 July 2020 (Tuesday), any person declaring that she/he is currently sharing accommodation with person(s) undergoing compulsory quarantine will be denied entry to campus.

For further enquiries, please contact the Environmental Health and Safety Section of the Estates Office at 3411 7997 or by email at ehsu@hkbu.edu.hk, or visit [HKBU Bulletin Board](#) for the latest University announcements.

Please stay vigilant at all times. Thank you for your kind cooperation.
