

Dear students and colleagues,

Confirmed COVID-19 student infection case

The University has received a report that an overseas student of the School of Business was tested positive for COVID-19.

According to information available, the student left HKBU campus on 17 November for hometown. The student developed symptoms on 25 November and was tested positive for COVID-19 on the same day.

Before leaving HKBU campus on 17 November, the student resided in our student hall on campus. As the student only developed symptoms eight days after leaving campus, based on CHP advice on similar cases, our preliminary assessment is that the case has no immediate health risk to the HKBU community. Yet we will closely monitor the situation and alert you if there is any latest development with health implication to students and staff members.

I wish the student a speedy recovery. For enquiries, please contact the Estates Office at 3411 7997.

Christine Chow
Vice-President (Administration) and Secretary
