

Dear Colleagues,

Health and Safety Guidelines for Campus Events

With the start of the new academic term approaching, it is envisaged that more and more academic or social events will be organised on campus. In order to ensure the health safety of the University community and compliance with all prevailing laws on health control imposed by the Government, we have compiled a set of Guidelines for Campus Events for easy reference for event organising departments and offices.

The Guidelines will be updated from time to time depending on the latest development of the pandemic and new changes in the laws. You are strongly recommended to visit the [LINK](#) to obtain the latest version of the Guidelines when organising any events within campus in the near future.

Thank you for your support to ensure campus health safety!
