

Dear Colleagues,

Health and Safety Guidelines on Organising Events/Shooting Activities on Campus

With the gradual resumption of normal operation on campus, it is anticipated that more academic/social events or shooting activities will be organised by departments/offices. In order to ensure the health and safety of the University community, you are advised to view the latest Health and Safety Guidelines ([LINK](#)) when organising any events/shooting on campus in the near future. The Guidelines will be updated from time to time depending on the COVID-19 situation in Hong Kong.

Please note that the pandemic situation can be volatile, the University may need to cancel events/shooting as a risk control measure. Therefore, the organiser should always alert the participants/guests in advance the possibility of cancellation of events/shooting if and when unforeseeable emerging risks arise.

Thank you for your support to ensure campus health and safety!
